

Committee Reports for Aug 2023 membership meeting

(please cut and paste your reports below)

Meet and Confer Report - Ross Mitchell

There are several major items that have recently been put forward by the District. Although many of these items are welcomed and long over due (such as the updated Safety Manual aka Illness and Injury Prevention Policy), the District is piling as much as they can at meet and confer. It seems to be an attempt to overwhelm and exhaust Union resources and representatives in the lead up to negotiations. Nevertheless, we will continue to diligently review items and engage in good faith bargaining with the District on behalf of all AFSCME members to ensure that we all have a safe and welcoming work environment and the best possible working conditions and wages. Below is a list of some of the items at meet and confer. Please see the additional documents regarding the Animal Response Protocols and the Injury and Illness Prevention Program.

- Animal Response Protocols
- Injury and Illness Prevention Program
- Lifeguard Uniforms
- Safety Boots

Please review the proposed policy documents and provide any feedback, questions, concerns, etc. to eboard@afscme2428.org
